

Nursery
PROSPECTUS
2-5 Years

THORPE HALL
SCHOOL

Welcome

Children join our Nursery soon after their second birthday and are immediately engaged in a world of wonder, acquiring the social and academic skills that will be the basis for their life-long learning.

I am incredibly proud of the achievements of our Nursery children; they learn to speak French, to bake a cake, use sign language and explore Yoga. They visit our woodland to learn about the physical world in a very immediate and tactile way and do the same on the beaches nearby in the summer too.

With excellent Nursery Staff and spacious, custom-designed facilities, your child will be cared for and nurtured in a stimulating and exciting environment, being given abundant opportunities to thrive and develop to their full potential.

“The contribution of the EYFS provision to children’s wellbeing is outstanding.”

“Relationships between staff and pupils are excellent. Through excellent care, staff ensure that pupils are ready to take on new challenges.”

Independent Schools Inspectorate

Thorpe Hall School's Pre-Nursery (for children aged 2-3 years) and Nursery (for children aged 4-5 years) is the best start your child could have to their education.

The opportunities we provide bring learning to life across a broad range of imaginative, creative, social and academic activities. Our emphasis is always on play, having fun and celebrating participation and progress.

We embrace the Early Years Foundation Stage (EYFS) curriculum but pride ourselves on adding so much more. Our phonics programme in particular, is extremely successful in getting children off to a flying start with their reading and writing.

By the time your child enters Reception Class or moves on to another setting, they will be on their way to becoming independent, confident and competent learners, well-prepared for the next stage of their lives.

Weekly Programme of Nursery Activities Includes:

 Phonics Literacy	 Swimming	 French
 Drama	 Forest School	 Beach School
 Cookery	 Yoga	 Art
